

# A PHOTO Scavenger Hunt - for kids!

Photographer or paparazzi? You decide! A disposable camera becomes a fun tool for little ones to interact at a formal event. Perhaps it's a wedding, graduation, or birthday party - this "I Spy" challenge will send children and teens out and about with purpose and flash photography!

This adorable activity was featured at Reilly and Patrick's wedding. See the photos on our website and Facebook pages for inspiration. Also, feel free to change the suggested pictures to match your event. Share your photos online and possibly be featured on our website!

There are 27 photos needed to fill your camera, so after you finish finding these, have fun and snap whatever you like! Drop your camera into the red basket when you are finished for a prize!
